If you want to know anything  
**JUST ASK BAZZA**  
[bazza@crochash.com](mailto:bazza@crochash.com)

At FNQ2U Nash Hash Port Douglas and surrounding areas we can offer amazing run sites in and around rainforest, sugar cane, babbling brooks, torrential rapids, white sandy beaches, mountainous trails and much more.

Port Douglas started life in the gold rush era in late 1800's when it was a working port for the transport of gold tin. These days it is visited for its natural beauty and as a stepping off point to the Great Barrier Reef and the surrounding rainforests.

All the local FNQ Hash clubs are involved in some way or other, so it will be a real experience of Hashing in the Tropics but without the all the hassles of going overseas and all the uncertainties that entails.

**But I am not doing this by myself. I have a full Cabinet to help**

**We did have 2 hashers apply for the position of Minister for GPS, Lost & Found from Brisbane & Wrong Way from Townsville but neither could find the venue.**

**More positions to be announced when we can get volunteers**

**But for now**

**On-On**
