## Run Report for Monday 16th November 2009 , RUN 1620 - AGM

**Hares: Wort and Boof**

**Run Location: Millington Reserve, Karrinyup**

It's the night of the long awaited AGM. Popped over to Morphine's joint and picked him up, it's about time he made an appearance. Short drive to Millington Reserve, where big Foss was limbering up for the hill's in and around Karrinyup.

Wort, the soon to be departed GM mounts the crate and advised the crew its an A – B Run and there's room for 28 on the bus, if you want a run be quick , well there wasn't exactly a stampede but we filled the bus.

The bus took off south towards Scarborough , this should be our starting point Col Knowledge said but the bus kept going , Brighton Beach this should be it said Hard Case, but the bus kept on going and going all the way to Cottesloe .

Bus pulls over on Marine Pde Cott the pack heads south as Wingman & Pharlapp call it on to the first FT. On called by Troppo Vooddo & Morphine as we head north and right turn into Gibney and then into Avonmore to a # runners head of in a four way split looking for trail the main pack sits on the # with Boof on called to a lain way just of Avonmore Habb and Popeye had run past the trail and it was down to Coops , Cookie & AssAssin to pick it up in and out of the lane ways past units that only JK can afford Replicar spy's an old rug and offers Brave Fart \$5 to cart it back to the bus . At this stage the pack heads due west back to Marine Pde and we hit a song stop.Song number one is sung with great gusto, the locals are concerned by this as they can see the zeros falling of the end of there property prices .

On called up a lane way this is a FT and catches most of the pack out -Roo , Hard case & Tampax are not happy as we head west .Still Biggles sets a quick run down hill with Baron right up his clacker. The pack hits Marine and due north to the cott beach and song stop number 2 song 2. Its at this point Ballerina asks who's Tax payers money is paying for this crap (Cott art work ) to which Hard Case explains the finer arts of Tax. Ballerina you are a D##K Head. Back up on to the main drag again with the big fela Foss cracking on right into John St through the units . Kazi leaps a wall that must have been 2Ft or less the back down winham along Marine to John Black Dune Park.The pack splits but the bus arrives Foss and Pharlapp pick up Brave fart and deliver him to the bus but there are still two missing soles -Roo and Capt Hook.

The bus spends the next 30 mins circling Cott looking for them then the call is made to dump the C#\$#@ and we do but God only knows how the bus picks the two of them up at Oceanic 9Ks from the bus .  
As Wort set the run, not Boof , it was declared the worst run of the year.
